

**Hunting in the Czech Republic with Stanislavstur
 Season 2009**

Stanislavstur offers you a taste of typical hunts in the great Czech forests. We will take care of your whole trip, the paperwork, accommodation, transportation and in case of successful hunt also of taxidermy of your catch while you will just enjoy the great experience and fun of hunting in the Czech Republic.

The main **hunting season** starts in the Czech Republic in the middle of October and last approximately till the end of January. Some animals (such as some species of wild board) can be however hunted the whole year round.

The **base for hunts** is located near the town Mimoň, on the bottom of mountain Ralsko, north Bohemia.

Here is an agriculture farm where you can discover ordinary Czech country life and the main - wildlife nature. This farm

manages 350 ha of fields and grassland and 240 ha fenced land of pheasantry. There are white cattle Charolains, sheep and horses in the surroundings of the farm. You can see Ring-necked, Reeve's pheasants and wild turkey in the aviaries. You can watch or take part day-to-day life on the farm, for example pasture sheep, feeding cattle, pheasants and pigs. After dealing it is possible to ride a horse through nice pine-forest in former military grounds Ralsko. You can enjoy watching of half-wild pheasant, partidge, hare, wild rabbit, deer and fallow deer in the pheasantry which belongs to the farm.

The farm offers a **full service** for one or more day stay and offers **full service** you need **for your successful hunt** - accommodation in traditional wooden huts with every convenience including the option of grilling. The farm provides the meat from its own resources. The farm offers also a lot of other activities – horseback riding, cycling, hiking, swimming etc.

Hunts offered to you:

1. individual hunting hoofed game, Reeve's pheasant
